Dear Resident/Property Owner:

Re: Road Closure of Fourth Line (North and South) at Britannia Road (Regional Road 6) Intersection due to Construction of Watermains on Britannia Road and Fourth Line in the Town of Milton, Ward 1 and Ward 6 (File: PR-2483B)

This letter is a follow up to the October 4, 2010 letter you received and provides an update on the watermain construction in your immediate area.

The new watermains have been installed along Fourth Line between Britannia Road and Louis St. Laurent Avenue, and construction will soon be moving eastward along Britannia Road to Trafalgar Road (Regional Road 3).

In order to complete the construction of the watermain and valve chamber at the intersection of Fourth Line and Britannia Road we will have to close Fourth Line to vehicles traveling both north and south of Britannia Road. This closure is needed for safety reasons due to the narrow width of existing roadways and the narrow width of the municipal Right-of-Ways on these two roads. The east/west traffic along Britannia Road through this area will be reduced to one single lane and controlled by automated Traffic Control Signals on a 24 hours per day basis, seven days per week while construction work is being done in this immediate area. The local residents on Fourth Line south of Britannia Road can detour via Lower Base Line Road, and residents north of Britannia Road can detour via Louis St. Laurent Avenue.

This closure is expected to be for two months, between March 1st, 2011 to April 29th, 2011.

On February 7, 2011, the Town of Milton Community Services Standing Committee will give consideration to the proposed by-law to close Fourth Line at Britannia Road between March 1, 2011 – April 29, 2011. If you would like to make a presentation at this meeting, please notify the Clerk's Department in writing, no later than 10:00 a.m. February 7, 2011. Further information regarding this process can be found at www.milton.ca

If you have questions or concerns about the construction project or require special accommodation or accessibility issues that we should be made aware of, please contact Joe Proietti, Project Manager at 311 or 905-825-6000 ext. 7613 or by e-mail at Joe.Proietti@halton.ca. Additional construction information can be found by visiting www.halton.ca/construction.

The Regional Municipality of Halton

We thank you in advance for your patience and continued cooperation during the watermain construction works and we apologize for the inconvenience these construction activities have caused you and your families.

Yours truly,

A handwritten signature in cursive script that reads "Joseph Proietti".
